PROFESSIONAL SUMMARY

Aspiring Data Analyst with Bachelor's Degree in Computer Science and Engineering graduate with foundational skills in Frontend Development (HTML, CSS, JavaScript) and Data Analytics (Excel, Power BI, Python, Sql). Experienced in web building simple, user-friendly web interfaces and creating dashboards to analyze performance data. Proficient in data analysis, visualization, and reporting with hands-on experience in machine learning. Quick learner with strong problem-solving abilities, eager to apply technical knowledge in real-world projects and grow into a full-stack developer and data analyst role.

EDUCATION

Bachelor of Technology (B. Tech) – C.S.E	Year: 2022 – 2026	CGPA: 7.5
---	-------------------	-----------

Sri Venkateswara Institute of Technology, Anantapur, Andhra Pradesh

SKILLS

Programming Languages: Python: Basics of conditions, data types, loops, functions, data handling and small projects. **SQL:** Creating Tables, Queries, joins, filtering data, database management, creating simple reports.

Frontend Development: Proficient in **HTML, CSS, and JavaScript** for building responsive web pages. Skilled at creating **user-friendly interfaces** with clean layouts and interactive elements. Familiar with **basic web design principles**. Able to integrate **frontend with backend data** for dynamic applications.

Data Analytics Tools (Data Visualization): Excel: (formulas, charts, data cleaning, filters & slicers, dashboards, conditional formatting, PivotTables, Map). **Power BI:** (filters & slicers, publishing, Data modelling, Building visuals, connecting datasets, creating interactive visuals dashboards, reports, DAX basics)

Databases: MySQL (basic queries, data handling)

Machine Learning: Classification, Regression, Neural Networks, Model Evaluation.

Commercial Analytics: KPI design & interpretation, competitor analysis, pricing strategy evaluation, insights generation.

PROJECTS

Classification of Sleep Disorder Utilizing Machine learning Techniques

- Applied machine learning techniques to classify sleep disorders, To find disorders, demonstrating skills in AI and data science.
- **To predicted values like:** Age, sleep duration, physical Activity level, Heartbeat, blood pressure, Daily steps.
- **Disorders like:** Sleep apnea & Insomnia, non
- **Languages & Tools:** Html, CSS, JavaScript, Python, vs code, GitHub.
- **GitHub:** [<https://github.com/prasannavelpula765-surya/sle.git>]

Excel Sales Analysis Dashboard for FNP Sales

- Built an interactive business intelligence dashboard in Microsoft Excel using Pivot Tables, Pivot Charts, Slicers, and Conditional Formatting.

- Performed sales data analysis on 1000 orders and generated insights on revenue, customer spending, product performance, and city-wise sales. Developed KPI metrics including Total Revenue, Order Count, Average Customer Spending, and Order Delivery Time.
- Enabled dynamic filtering and trend analysis through date and occasion-based slicers.
- Tools: Microsoft Excel, Data Analysis, Data Visualization, Pivot Tables, Pivot Charts.
- GitHub: [https://github.com/prasannavelpula765-surya/sale_Analasis.git]

Food Ordering web application - Frontend

- Developed a responsive food ordering web application using **HTML, CSS, JavaScript**.
- Designed an intuitive user interface for browsing food items and placing orders. Implemented features such as menu browsing, food categories, cart management, and order placement.
- Built a mobile-friendly, responsive layout to provide a seamless user experience across devices.
- Tools & languages: HTML, CSS, JS & vs code, Git & GitHub, Vercel Deployment
- GitHub: [<https://food-order-beta-ruby.vercel.app/>]

Experience – Internships

- **Roman Technologies Pvt . Ltd** — Application Developer (Web & Mobile) Intern
May 2025 – Jul 2025, Anantapur
- **Skill Dzure** — AI Intern
May 2025 – Jun 2025
- **Skill Dzure** — Python Programming Intern
Dec 2025 – Apr 2026
- **Trinity** — Data Analytics Intern
May 2026 – Still doing
- **Elevate Labs** — Data Analytics Intern
July 2026 – Still doing

CERTIFICATIONS

- Digital Image Processing – NPTEL Swayam (IIT Kharagpur)
- AI, Python, sql, Web development – Skill up
- Startup Business Management – AP Innovation Society
- Data Analysis – Deloitte.

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge.
